uzmakhanvikar@gmail.com | +91- 9767055150 | LINKEDIN : [HTTPS://WWW.LINKEDIN.COM/IN/UZMA-KHAN220759252](https://www.linkedin.com/in/uzma-khan220759252)

Skills

Programming Languages: Java, Python, JavaScript, C, C++.

Frameworks/Libraries:

1. Selenium WebDriver, TestNG, POM Framework.
2. Playwright JavaScript
3. BDD, Gherkin, pytest-bdd framework.
4. Pumba, Simba framework.

Tools and Technologies: Git/Github, VS Code, PyCharm, Android Studio, Renesas Flash Programmer, Docker, Rhapsody, ELM, ETM, Linux, JIRA, Maven, Gradle, Confluence.

Work Experience

Forvia Faurecia Pvt Ltd |Software Validation Engineer

Dec. 2022 - Present

Automation Testing & Validation

- Performed **Software Integration Testing (SIT), sanity, and regression testing** for embedded and connected systems to ensure build stability and feature readiness.
- Configured and maintained **software integration simulation environments** for end-to-end validation across multiple embedded modules.
- Delivered automation and validation support for **McLaren, ESS+, and Technobricks** projects.
- Validated **Connected Services features** through functional, integration, and system-level testing.
- Automated **SWC test cases** using **PUMBA / SIMBA frameworks**, improving test coverage and execution efficiency.
- Implemented **Python-based automation** for **ECU flashing and performance testing** on ESS+ and Crony platforms, reducing manual effort.
- Automated **client-server socket communication**, including handshake and protocol validation.
- Built **end-to-end automation** for Connected Services, covering environment setup, execution, and result validation.
- Performed **web-based regression and API testing** for the **AI chatbot UI** using the **Playwright framework**, validating UI-backend integration and AI-driven test case generation.

Software Development & SDET Contributions

- Designed and developed **automation frameworks** using **Python, JUnit, and GTest** for integration and system testing.
- Built frameworks to **automatically build, execute, and manage test cases** in **PUMBA / SIMBA simulation environments**.
- Designed and developed **Connected Services test environments** to support scalable automation.
- Developed **Selenium-based automation** to execute and validate workflows on the **Leshan server**.
- Created **REST API automation modules** for defect creation, leveraging API authentication, JSON handling, and error management.
- Built **UI automation** to auto-create defects in the defect-tracking system, streamlining QA workflows.
- Implemented an **AI-powered defect summary generator** using **Copilot AI**, improving defect reporting quality.
- Designed an **advanced logging framework** capturing **synchronized serial and video logs** during automated test execution, demonstrating expertise in multi-threading, I/O handling, and hardware-software integration.

Achievements- Forvia:

- **Spot Award for Excellence in Automation Development:**
Honoured with a Spot Award from Forvia for exceptional contributions to the development and optimization of automation flashing and automation test cases.
- **Spot Award for Excellence in Development for Connected Services:**
Received a Spot Award from Forvia for designing and developing a robust Connected Services framework and automating end-to-end certificate creation and testing processes, significantly improving reliability and efficiency.
- **Winner of Hackathon AI** held at **Forvia**.

- Worked as an Assistant Professor in M.Sc. Mathematics Dept. of P.S.G.V.P.Mandal's Arts, Science & Commerce College.

Projects

E-Learning Hub:

- **Technologies used:** React.js, Spring, Springboot, MySQL etc.
- This was an E-Learning portal, which had the flexibility in course selection at affordable prices. We covered vast variety of subjects and provided real time learning-solutions via EdTech-PLM.

Railway Ticket Reservation :

- **Technology used:** Java 8.
- This portal was intended to provide an easy ticket booking system to the users.

Education

CDAC(PG Diploma in Advanced Computing)	2022
• Percentage: 74.6%	
P.S.G.V.P.Mandal's Arts, Science & Commerce College, Shahada	2020
• M.Sc Mathematics • Percentage: 86.25%	
P.S.G.V.P.Mandal's Arts, Science & Commerce College, Shahada	2017
• B.Sc Mathematics - Percentage: 92.00%	

Academic and Extracurricular Achievements

- **The University Gold Medalist for M.Sc. Mathematics.**
- Achieved **Second Rank for F.Y., S.Y. & T.Y. of B.Sc.**, in the College.
- **Presented a paper in the national conference- NCMARW-2020.**
- **Winner of Talent Search in Mathematics**, an inter-college competition.
- **Secured 'A' Grade** in Chemistry Ability Test.
- **S.S.C.- First rank at the Centre.**
- **Secured 'C' Grade in the Intermediate Drawing Grade Examination.**
